

Update Jacksonville Zoo. Sept 2019.

Jacksonville Zoo's project is still ongoing, but they have done the following to support their breeding program and education efforts at the zoo.

- Increased holding to rear offspring (rack, tanks, chiller, filters, pumps, plumbing, etc.)
- Created new logo for the building and all new signage will follow this design and color.

Upcoming programs include:

- The new logo sign for the building is on order but will be installed soon.
- TVs mounted above viewing windows and additional interpretive signage throughout the exhibit space.
